

Imperial Apple

Strong, semi-dry cider with a hint of honey and oak.

Dry → Sweet Scale (1 to 7): 2

ABV: 9.5%

We start with a classic apple cider, then add honey for an extra long fermentation. This results in a strong, full-bodied cider that allows the flavors of the honey to shine through without a lot of sweetness. We finish by aging on French oak for added complexity, resulting in a cider akin to a dry white wine. A cider fit for a queen bee.

Ingredients list: Apples, raw honey

Pairing suggestions: Spicy foods, Asian cuisine, soups and stews, blue cheese with honey. Makes a great aperitif.

Cans available soon!

Sizes: 1/6 bbl | 1/2 bbl | 12 oz cans

Availability: Year-round

Gluten Free | No Added Sugar

MSRP: \$15.99/4pk
